The Center serves as the primary organization in the United States Government (USG) for analyzing and integrating all intelligence possessed or acquired by the USG pertaining to terrorism and counterterrorism, and its Director serves as the Counterterrorism Mission Manager. NCTC also serves as the central and shared knowledge bank on known and suspected terrorists and international terrorist groups, as well as their goals, strategies, capabilities, and networks of contacts and support. In addition, NCTC conducts strategic operational planning for counterterrorism activities, coordinating and integrating the efforts of departments and agencies across the Federal Government.

Major Duties and Responsibilities (MDRs)

Through rigorous, objective, and data-driven analysis, the National Counterterrorism Center's Resource Officers examine Intelligence Community (IC), and whole of government resource data to ensure consistency with National and IC strategic priorities, compliance with guidance, and usage of sound budgeting and financial management practices.

A group within DSOP is seeking a highly motivated officer with experience assessing IC and USG budget trends and issues, including the mission impacts of CT resource shifts. This officer will work with mission experts, apply critical thinking and leverage NIP and USG resourcing processes to devise and evaluate alternative strategies and innovative solutions to address key CT program and budget issues throughout the budget process.
